Get "FileMaker Go 13" from the App Store. The free app has white background with a gray Go. Earlier versions have different colors and are still available.
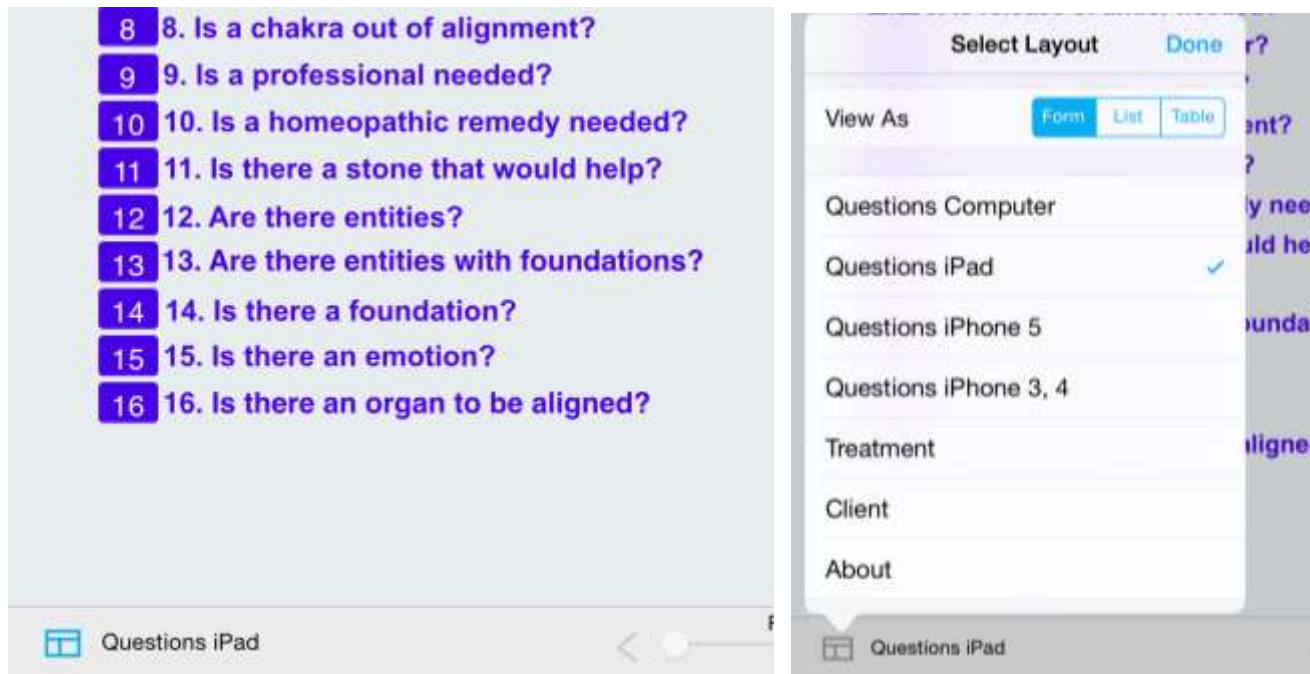

FileMaker Go 13
FileMaker, Inc.
Version 13.0.4

1. You can download the database from www.askandletgod.com/AskandLetGod.fmp12.   I've cleared the information out of the original, leaving only my name in the database.
2. You can use iTunes to move the database to your iPad. Open iTunes and click the Device on the left. Double Click on the Apps button on the top of iTunes. Click on FileMaker Go 13 on the list of Apps under File Sharing. Click on Add… and go to where you placed the file that I emailed.
3. You can receive the email on your iPad after getting "FileMaker Go 13 for iPad" from the App Store. You can click the file to download and open with FileMaker Go.

With the addition of the iPhone version, you select the iPad version at the bottom left.

You may see Previous Next. Touch somewhere else on the page until you see Questions iPad or Questions iPhone. Touch Questions iPhone, if not Questions iPad, and choose Questions iPad.

8. 8. Is a chakra out of alignment?
